We are the Fort Bend Texas Chapter of the Texas Association of Real Estate Inspectors (TAREI). We are dedicated to protecting Fort Bend County consumers during the home buying process. **We accomplish this by following high standards of practice, professional ethics and participating in required continuing education.**

Construction standards, laws and Real Estate trends are constantly evolving. Our members meet on a regular basis to discuss issues of the day as a means of staying in tune with the ever-changing market. Unfortunately, not every Licensed Inspector in the state is a member of TAREI. To ensure that your inspector is well educated, ethical, consumer friendly, and on top of today's market, make sure the inspector you hire is an active TAREI member.
